**COUNTY PROJECT - This project will upgrade accessibility at the existing housing units in compliance with the 2010 ADA Standards for Accessible Design (2010 ADAS) and current state codes—adopting the most accommodating requirements. The county has identified improvements at WCDF, which include:

*Accessibility Upgrades:

Remodel selected existing housing units (5, 6, and 8A) to provide additional accessible inmate cells.

Incorporate accessible features including showers, drinking fountains, ramps, interior and exterior paths of travel, and safe dispersal routes to support services campus-wide.

*Demolition and Site Work:

Perform minor grading and earthwork, including removal of existing concrete hardscape, detention fencing, concrete walkways, and landscape elements.

Execute limited demolition within existing housing units by removing wall partitions, electrical fixtures, lighting, plumbing, mechanical systems, sprinklers, doors/frames, and finishes.

Maintain all existing utilities, electronic security systems, security perimeter fencing, and fire access throughout demolition.

*New Construction/Remodel:

Remodel designated inmate cells in housing units 5, 6, and 8A (with specified bed counts per unit) to achieve accessible configurations.

Relocate minor electrical, mechanical,

City: ALL Inc/Uninc: Unincorporated

plumbing, and sprinkler systems as needed to accommodate new work.
Provide campus-wide improvements to create accessible paths of travel and ensure access to support services.

*Water Infiltration Repair (Building 6A Only):
Implement repairs to restore water infiltration-damaged areas back to pre-damage conditions as detailed on drawing series sheets A16, M16, P16, and E16.
Security protocols will be maintained at all times when inmates are present.
